FOR IMMEDIATE RELEASE

ASV Adds Northern California Dealer to Network

GRAND RAPIDS, Minn. (April 26, 2018) — [ASV Holdings Inc.](#), an industry-leading manufacturer of all-purpose and all-season compact track loaders and skid steers, has added [RGW Equipment](#) to its dealer network.

The Livermore, California-based dealer will offer all ASV Posi-Track® compact track loaders, featuring best-in-class rated operating capacity, cooling systems and hydraulic efficiency. Among those machines are the new RT-40, an industry-leading small-frame CTL, the new VT-70, ASV's first mid-frame vertical lift model, and the RT-120 Forestry, the industry's most powerful CTL. The company will also carry ASV's full line of skid-steer loaders.

"RGW is well-known in their territory," said ASV District Sales Manager Bruce Jackson. "They have a strong service department, and their field sales staff has a great deal of experience."

In its early days, RGW's business focused attention on servicing machines. As they expanded, the new equipment side of the business emerged. Today, the company prides itself on selling quality equipment and has more than 20 trucks providing service to area customers.

"In construction, downtime is not an option," said RGW Rental Manager Austin Lowry. "Here at RGW, we provide solutions for our customers as soon as possible, and we look forward to working with ASV customers."

To learn more about RGW Equipment, visit their website at www.rgwequipment.com.

About ASV

ASV Holdings Inc., a publicly traded company on NASDAQ, designs and manufactures a full line of compact track and skid-steer loaders primarily for the construction, landscaping and forestry markets. Located in Grand Rapids, Minnesota, ASV started in 1983 and was one of the pioneers in the compact track loader industry. ASV builds its compact track loaders using unique and patented Posi-Track undercarriage technology that provides exceptional traction on soft, wet, slippery, rough or hilly terrain. Posi-Track is a registered trademark of ASV Holdings, Inc.
